These are the small prices that are always paid in the

interest of ensuring proper justice in due course, against

any of the sadist's minions who illegally mined **URANIUM**. To

avoid further civil wars, we will keep any other first-hand

knowledge regarding their operations a voluntary secret. Yet

let it be known that on this day America arose and struck back.

A nation will suffer by its fools, but will not ever survive treason

from within. Indeed the people know the truth is out there.
